

INVITATION

We have the honor to invite you to participate to the 5th International Workshop of Electromagnetic Compatibility **CEM 2008** organized by the National Institute for Research and Development in Electrical Engineering INC DIE ICPE-CA, Bucharest, Romania.

The aim of the workshop

The workshop will be a good reason for the dissemination and promoting of the Romanian and foreign scientific researches results, knowledge of the newest achievements in the approached thematic domain, the maintaining of direct contact among the specialists, opening, development of the new research directions, identification of the creating possibilities of some consortia with the polarization of the values research forces regarding the approaching of some large projects and participations to the European research programs.

The Workshop Thematic

It will approach the following aspects:

- ✚ electromagnetic compatibility in the domains: electronics, communications systems, industrial systems;
- ✚ human exposition effects to the electromagnetic fields;
- ✚ problems regarding the measurements;
- ✚ problems of standardization.

LOCATION

Predeal is a town in Romania, in Braşov County. An important mountain resort, Predeal is located on the Prahova Valley and is surrounded by five massifs: Postăvarul, Piatra Mare, Bucegi, Baiului and Fiţifoi. The name is derived from the Romanian archaic form "*pre deal*" which means "on the hill" or from the Slavic word "*predel*", which means "*bound*", "*limit*". In the late years the town has known a remarkable boom in construction, with many well-off people from all over the country, having a mountain retreat in Predeal. Predeal is the highest town in Romania with an altitude between 1033m-1110m.
